The business failures of the United States, as reported by R. G. Dun & Co., for the quarter ending September 30, are 2,754 against 2,196 for the same quarter of 1890. The liabilities for the 1891 quarter amount to over \$44,000,000, as against \$35,500,000 in 1830. In the nine months of the year 1891, just closed, the failures in the United States number 8,828, with liabilities of \$136,000,000, as against 7,851 failures and \$100,000,000 of liabilities for the corresponding period of 1890.

An express train on the New York Central railroad, due at Utica about three o'clock in the morning, was robbed of something like \$1,000 on Wednesday of last week. It seems the robber bored the front door of the car, got the fastenings open and surprised B. A. Moore, the express agent, while he was at work, and covered him with a revolver. The robber sorted over the packages, taking such as he supposed were valuages, taking such as he supposed were valuable. The annual meeting of the Civil Service Reform League was held at Buffalo, N. These transactions, it is said, have been supported by two affidavits, which have been filed with Secretary Noble, and the facts having come to the knowledge of General Raum, the latter has decided to bring the whole matter to an issue. He has demanded the dismissal of three prominent employes in the office, who, he believes, are plotting to injure his character and compel his retirement from the position of commissioner.

A collision took place early last week Wednesday morning one mile east of Kent, O., on the New York, Pennsylvania & Ohio railroad, between a freight and a passenger train. Three persons were killed outright and twenty-four injured, several fatally. The passenger train was the Michigan section of the Olin family excursion, members of which were going to the national reunion of their kindred at Bennington, Vt. Many other Michigan people took advantage of the low rates to visit friends in the East. The persons killed were an engineer, a freman and Mrs. Willoughby Dewey of Richland, Mich. None of the members of the Olin family were seriously hurt, as they were in sleepers. The stoves of the train caused the woodwork to take tire, and the suffering of some of the victims was intense. The cause of the accident was disobedience of orders by the conductor of the freight train. orders by the conductor of the freight train.

Frank C. Almy, the murderer of Christie Warden, was taken from Manchester to Woodsville on Tuesday of last week, when he pleaded not guilty. The court-room was crowded with spectators, women predominating. Almy was carried to a special train on a stretcher, and remained in Woodsville not more than an hour. His health is good, and he showed no concern about the proceedings. Counsel for the state and defence meet at Concord this week to make arrangements for the trial, including the time and place. Monday night of last week Hanover had another sensation. A woman entered the Warden house, about nine o'clock, and said she wanted to sleep in the room of Christie and that she would explain things in the morning. Her request was refused. A brother of Mr. Warden pulled off the woman's long circular cloak, and the trousers and Prince Albert coat of a man were discovered. Then the stranger disclosed that she was Dr. Mary Walker, and that she had come to save the life of Andrew Warden. She also said that Almy was not the murderer of Christie. The woman staid all night, and a number of neighbors sat up with the family to see that all was right. She has been identified as Dr. Mary Walker beyond all doubt. There was some talk of prosecuting her, but as she is evidently insane she was allowed to go away on Saturday.

We returned from Helena by the Great Northern railway, by the way of Devil's Lake and Grand Forks to St. Paul. Starting westward again, we went via Sioux City to the Black Hills region, into South Dakota, down to Omaha and back to Chicago, where we started homeward via Pittsburg and Philadelphia. Secretary Proctor left me at Harrisburg, Penn., and went to Washington, and I came on to New York. We visited numerous forts along these lines, which, as you know, was the purpose of Secretary Proctor's visit. F. C. #### Born to Be Happy.

"Born to be happy," said Socrates. So have reiterated many other philosophers in regard to humanity. As health is the cital principle of biles, it is not only an imperative duty, but a welcome privilege, for every man and woman to maintain it in the highest degree. One of the most insidious and dangerous omissions in this connection is to needed a tendency to constination. The dangerous omissions in this connection is to neglect a tendency to constipation. The clogging up of the system with effete matter predisposes to disease, depresses the spirits and creates gloom and despondency. The occasional use of Dr. Pierce's Pleasant Pellets will prevent a constipated habit, clear the brain, sweeten the temper (and we might add, the breath also) and open a vista of happy activity possible only to the well-regulated mind and body.

Good Wife suggests Cuticura Remedies. Uses them 7 months, and is entirely Cured.

I was in the war during 1955-54, and, took a heavy cold at Geltysburg, from which I never fully recovered. In 1975 1 broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure, but could not, and finally giving my-self up to die, my good wife suggested one one day to try the UNITIONIA REMEDIES, which were so extensively advertised and used. I followed her suggestion, and am happy to say by diligent application of your CUTICHA REMEDIES for seven months I was entirely cured, after spending five years of time and money without avail, and am as sound and well man to-day.
